Does Cigna Home Delivery Pharmacy perform any checks for potential adverse interactions between medications?

Yes. Cigna Home Delivery Pharmacy screens for interactions with other medications. Everyone who uses Cigna Home Delivery Pharmacy must provide information about his/her allergies and health conditions. This information is kept in our database and is reviewed whenever a prescription order is processed. If a potentially dangerous interaction is detected, Cigna Home Delivery Pharmacy will notify your doctor for clarification.

My drug is a generic maintenance prescription that only costs me six dollars per month at the local pharmacy. What do I have to pay when I get it through home delivery?

Under most plans, you'll pay the actual cost of the prescription for the 90-day supply if the cost is lower than the copay. If the actual cost exceeds the copay amount, you will only pay the copay. To compare drug costs by pharmacy, you can access the Drug Cost Tool at **myCigna.com**. Plans may vary, so see your plan materials for details.

My prescription must be kept cold. How does Cigna Home Delivery Pharmacy ship a prescription so that it remains refrigerated?

Cigna Home Delivery Pharmacy adheres to proper storage requirements and can ship a prescription on dry ice if necessary.

* Cigna Home Delivery Pharmacy's dispensing accuracy rate is determined by total prescriptions shipped (total volume) minus errors divided by total volume. Cigna Home Delivery Pharmacy achieved a 99.9% dispensing accuracy rate for the 2017 calendar year. Subject to change. December, 2017.
